

K-Love is a station that I listen to that is being threatened by the new LPFM service.

1. K-Love serves me in many ways. It is the only Christian radio station on FM in my area. It is an encouraging, uplifting station with positive messages. There are no 7-second delays because the DJ's and the callers all speak in kind words. I financially support this station and I don't feel that it should be removed from the airways.

2. If this station were to be removed from the air, the community would be effected greatly. There is not another FM station to turn to for families to have a safe listening environment for their children. Also, there would not be a place to turn to for those who need a bit of encouragement. There is not another radio station in my community to offer such encouragement.

3. K-Love serves the public interest as I stated before by providing a safe environment for people to turn to without being bombarded by negativity. Everyone needs to hear positive words. If this station is taken off the air, there is nowhere to turn to hear something other than negativity.

Please do not remove my K-Love station from the air by switching to LPFM.
